Frontend	Blade, Vue (Inertia), Alpine.js, jQuery, Tailwind CSS, Bootstrap, Vite
Data & Infrastructure	Redis, S3, Docker/Podman, Nginx, VPS (Coolify, CloudPanel), Git
Operations	Deployment aplikasi, cache, backup, pemantauan server

EXPERIENCE

FullStack Web Developer — Sidoarjo, East Java
CV. Langitnet Sidoarjo

- Built and maintained Langitnet Shop, an e-commerce application for ordering products and services, using Laravel, Alpine.js, and Redis.
- Developed Langitnet Mitra, a partner ERP application for managing partnerships and daily partner operations.
- Maintained nine internal Langitnet applications, including B2B, Expedition, Ngantor, and RMA.
- Ran deployment and operations on VPS: Docker/Podman, Nginx, Coolify/CloudPanel, Redis caching, and S3 storage.
